Insurance Scholarship Foundation, Inc.

Ensuring the future of
OUR industry starts here

ensuring the future of our industry starts here

BY SUPPORTING STUDENTS INTERESTED IN PURSUING A CAREER IN INSURANCE

The New York Insurance Scholarship Foundation, Inc. (NYISF) provides the insurance industry and its leaders with the opportunity to shape the future and give back to the community.

The breadth and depth of skill needed to work in the insurance industry is greater than ever. The industry and insurance consumers have grown more complex, making it crucial that we have a vast and talented pool of potential employees to fulfill the needs of our companies and the individuals we insure.

NYISF's primary goal is to ensure the sustainability of the insurance industry.

The New York Insurance Scholarship Foundation was created to ensure the sustainability of the insurance industry and make further growth a real possibility. The foundation allows members of the insurance community to invest and be involved in the future of the industry.

our vision

With the support of the New York Insurance Association (NYIA), NYISF was founded and incorporated as a separate charitable organization that remains affiliated with NYIA and its more than 130 year history of service to the industry. The foundation is an enduring initiative that enables the insurance industry to support the educational goals of students pursuing a baccalaureate or advanced degree program at any college or university who have a desire to join the insurance profession.

why should you contribute?

Supporting students interested in insurance will help to build connections with future business leaders. It will also help them be prepared to make meaningful contributions to the insurance community.

Providing financial assistance to those interested in a career in insurance or risk management only helps our cause. NYISF is an ideal vehicle for the industry to demonstrate its support for educating the next generation of insurance professionals.

Please take advantage of this unique opportunity to make a commitment to the continued growth of our industry in New York State.

Make a *difference*. Shape the *future*. Be a *leader*.

Demonstrate your commitment to the viability of the insurance industry.
